

# MARCH 2025 NEWSFLUTTER

## WELCOME SPRING!

Look at the birds. They don't plant or harvest or store food in barns, for your heavenly Father feeds them. And aren't you far more valuable to him than they are? And why worry about your clothing? Look at the lilies of the field and how they grow. They don't work or make their clothing yet Solomon in all his glory was not dressed as beautifully as they are. And if God cares so wonderfully for wildflowers that are here today and thrown into the fire tomorrow, he will certainly care for you. - **Matthew 6:26-30**  
Let's enjoy Spring with all its beauty and scents without a worry. For we know that our God goes before

us!

## 4 Fun & Easy Language Boosters

1

### Role Play.

Kids love taking on new and different roles—and it's the perfect opportunity to help them expand their language skills. As you engage in everyday activities, join them in pretending to be favorite characters from storybooks or TV shows.

2

### Take a magic carpet ride.

Sit with a child on a rug or couch and pretend you're flying off on a magical adventure! Ask them to share their ideas on where you might visit, and begin a story about your adventure.

3

### Eat—and talk about—foods from around the world.

Let children handle, smell, and taste diverse foods with different flavors and textures. Chat about the colors, tastes, and textures, as well as where the foods come from and how they are harvested or prepared.

4

### Practice the ABC song, rhymes, and counting.

Songs about letters and numbers are fun and easy to practice during spare moments during the day, such as cleaning up or walking to the playground.
